From the Desk of the Hon'ble Chairperson

It gives me great pleasure to convey the message that the Suresh Gyan Vihar University has been awarded 'A' grade by NAAC in year 2017 for maintaining high academic standards in all the seven parameters. The University has been vibrant and bustling in terms of laurels, seminars, conferences, achievements, initiatives and institutional social responsibility related activities.

SGVU stands at 25th Rank in India awarded by CSIC (Spanish National Research Council) ranking-2018. It is pertinent to mention that more than Lac institutions have been considered globally. Further, the improvement in rank was due to adherence in maintaining the standards of high quality research papers and inspiring the faculties with research promotion awards. This ranking puts us ahead of various IITs/IIITs/IISERs and other research- driven institutions in India.

SGVU has its own Academic Staff College which is dedicated to conduct various programs such as orientations, refresher courses, short term courses and faculty development programs to keep the faculty update & motivate them to contribute to the society with new research publications, research projects for the upliftment of the faculty. The University has witnessed the visit of outstanding personality like Mr. Charles Duke Jr. former American astronaut, who landed on the moon in Apollo 16 & interacted freely with the students sharing his memorable experiences. The outstanding research has been converted into patentable products and the University has applied for four new patents and ten patents are published, Four new patents and two copyrights e-filled in the year 2018-2019. Faculty members have also received prestigious awards for their outstanding research activities.

The outstanding achievements of University are entering into remarkable MOU's with 5 well known International Institutions, furthermore 24 International MOU's are in pipeline & achieve very soon the final stage. We are more focused on European Union and African countries this time. Such great achievements bear testimony to the fact of our growing high academic status towards making the University unique as per the "Word Class Standards".

In this session 2018-19, 734 Degrees for the 7 major faculties includes 37 Doctorate (Ph.D. Holders) have been conferred.

I am full of joy to express my thanks to our esteemed team members for the contribution to present Annual Report 2018-19 with full honesty and dedication.

(Sunil Sharma)
Chairperson

From the Desk of Hon'ble Chief Mentor

It's a matter of immense pleasure that Suresh Gyan Vihar University is presenting its Annual Report of the year 2018-19 describing its achieving various goals to become global leader in the research, contributing and serving the society as well as country in the field of academic excellence and multi directional development of the youths.

The year 2018-19 has witnessed new strategic tie-ups being entered with global giants like Google, IBM, Unity, monster.com, Bosch Rexroth and Amazon. Harvard Business School Publishing is a part of Harvard University and SGVU has successfully, achieved a moment that allows us to access a repository of more than 25,000 case studies, along with 15 odd stimulations and short courses that would add immense value to our program. SGVU has launched its engineering programs powered by IBM, making cutting edge progress in artificial intelligence and data analytics.

The University has set up 11 research centers in association with industries/corporate houses by having collaboration with the already high performance advanced research in diverse fields recognized at global level.

Curriculum has been dynamically modified as per CBCS in the year 2018 -2019 for all academic programs, as we want to establish a connecting link between corporate industries and educational institutes. University has Internet Communication Technology (ICT) enabled classrooms having facilities like Multimedia Projector, NPTEL on-line Videos, Overhead Projector, Audio System etc. Modernization of the laboratories and digitalization of the Central Library help the students to learn from huge e-resources available across the globe.

The University has stood true to its oath of bringing the best to its students. In an effort to bring the University at par with the Top Global Universities, both in terms of improved infrastructure and better pedagogy, an extensive 20-point programs along with new addition of success score was taken up for development and improvement of our policy implementation procedure, the results of which have started reflecting in different outcomes.

May this moment always live with you as an inspiration and act as a driving force that instills positive attitude and an unflinching courage in you to achieve the goals of your life.

I wish you all the best of luck for all your future endeavors.

(Dr. Sudhanshu)

Chief Mentor

From the Desk of Hon'ble President

India has highest population of youth in the world and is going to be a big resource for the economic growth of India and globe. However, it is widely accepted fact that our graduates and post-graduates have poor employable skills due to isolation of academia and industries. Therefore, Suresh Gyan Vihar University is having a strong interface with various industries, corporate houses & research laboratories for tapping faculty of high repute and regular interaction to pace our students with latest requirements of the industry. A few to list are IBM, Google, Bosch Rexroth, Amazon, UR Energy, Sun Group BSE etc. We focus on building a career, not a job seeker, by providing essential career skills in project management and communication to enhance employability, stability and satisfaction.

A professional infrastructure combined with ergonomically designed transaction theatre, industrial required laboratories with innovative pedagogy like problem based learning, interactive seminars, brain storms, pre-practicum formulation etc. provide an academic learning environment to the students. To ensure the best academic environment, industrial exposure and to meet your dreams and expectations, SGVU has designed a Mission 20 Points to succeed. To facilitate international exposure, the university has collaborations with universities across the globe.

During the year 2018-19, SGVU also established incubation centers and also received grants for the research.

(Dr. D. Budhi)
President

From the Desk of Hon'ble Registrar

It is my honor and privilege to present the Annual Report 2018-19 of the Suresh Gyan Vihar University. Completion of an Academic Year is not merely a numerical instance in the sphere of a University but also a leap forward in the temple of imparting education, learning and coveted values of life in the real sense to the budding youth as a vast I.T. Savvy dominated population of India, and is bound to be a privileged opportunity as also litmus test feature for any University.

I derive immense pleasure to place on record through this Annual Report, with all humility at my command, incorporating therein concise description of achievements earned by this prominent University during the academic year 2018-19.

To be glorified as the First Private University in the State of Rajasthan, by way of acquiring NAAC Accreditation with 'A' Grade, speaks volumes of the level of dedication, untiring efforts and well-thought-out planning carried out so successfully by all and one comprising 'Team SGVU' under the adorable dynamic leadership of the University.

'The Annual Report, displaying qualitative attractive features finalized under overall supervision of Hon'ble President, will be presented to the State Government and sponsoring body as required under Section 39 of the University Act. I sincerely trust that the contents of this 'Report' will be appreciated as a permanent reference guidance document for our students, officials, faculty, and overall academia.

(Madhusudan Sharma)
IAS (Retd.)

Registrar

NAAC Accreditation

Gyan Vihar's ambitions were given a big exhalation when we became the only state private university in Rajasthan to be awarded NAAC 'A' grade status. Through the years Gyan Vihar has focused all its resources towards developing world class infrastructure for research activities and incubating original ideas. Integrity, diligence and true ambitions do take time to be recognized, but always differentiate leaders from the herd. Established in 1994, National Assessment and Accreditation Council (NAAC), UGC was established by Government of India as a new standard of quality mark in Higher Education Institutions in India. It has accredited Suresh Gyan Vihar University with "A" Grade and CGPA of 3.10 on a four-point scale in its first cycle of assessment, which was based on University's performance against seven different criteria to assess quality of education. It has come in as recognition of nine years of hard work and commitment of SGVU to set the highest standards in knowledge dissemination and creation. It is the only private university having NAAC 'A' Grade in the state of Rajasthan, India.

Ranked 34th amongst 700 Universities across the country

The Spanish National Research Council (Spanish: Consejo Superior de Investigaciones Científicas, CSIC) declared International Transparent Ranking – 2017 Universities based on Google Scholar Citation, SGVU stands at 59th Rank in India and 1545th rank at international level. It is pertinent to mention that more than one lac institutions have been considered globally. Again, in the year 2018, as per CSIC rank, the university improved its rank and stood 34th at national level and 1159th at international level, the improvement in rank was due to the high quality of research by the faculty members. This ranking puts us ahead of various IITs/IIITs/IISERs and other research driven institutions in India.

Vision

Suresh Gyan Vihar University was established in 2008 by the Sahitya Sadawart Samiti through an Act of the State of Rajasthan, with the vision of spreading education and empowering the students to become responsible citizens. The university has the vision of becoming the pioneering centre of excellence and imparting the education to make them responsible citizens.

Mission

The university has the mission of imparting latest technology-based education to prepare the students for the tomorrow.

Values and Principles

- Pursuit of academic excellence with integrity in an environment of collaboration, collegiality, and civility. Freedom of inquiry and creation of an intellectual environment conducive to free, open, and respectful exchange of ideas.
- Recognition and respect for the diversity of people and ideas, a rational spirit of inclusiveness, a global perspective, and a sense of community as essential conditions for campus life
- Environmental consciousness, sustainability, and prudent management of natural resources as central tenets of the construction and operation of the university.
- Commitment to social justice and public service as the foundation of individual, educational, social, and economic development.
- Responsible stewardship and thoughtful reflection, collaboration, planning, and evaluation as essential for meeting the changing needs of India and the global community
- Cultivation of character and the modeling of honesty, integrity, compassion, fairness, respect, and ethical behavior, both in the classroom and beyond.

Academic Leadership

Mr. Sunil Sharma, Founder & Chairman

Acknowledged as a visionary, Mr. Sunil Sharma has been a pioneer and a frontrunner of the education sector in Jaipur.

Dr. Sudhanshu, Chief Mentor

Dr. Sudhanshu is Professor of Earth Sciences. He has taken the university towards a green university. His initiatives have enabled the university to lead its environment management initiatives.

Dr. D. Buddhi, President

Before joining Suresh Gyan Vihar University, Dr. D. Buddhi was at DAVV Indore as a senior professor and researcher in the field of solar energy. He is a well-known researcher and scientist.
