

NOTIFICATION
Establishment of R&D Cell in the University

It is notified in partial supersession of Notification of even Ref. No. 314 dated 11.1.2025, that the Suresh Gyan Vihar University established Research and Development (R&D) Cell. The object of R&D Cell is a strategic initiative contemplated to foster innovation, enhancing academic excellence, and addressing real-world challenges. This is commensurate with the recent notification of AICTE for formation of a research cell. Below is a comprehensive overview of the process, goals, and strategies for establishing an R&D cell:

Purpose of an R&D Cell

1. **Fostering Innovation:** Encourage students and faculty to develop innovative solutions to pressing global and local issues.
2. **Enhancing Academic Excellence:** Bridge the gap between theoretical knowledge and practical applications.
3. **Promoting Interdisciplinary Research:** Collaborate across disciplines to address complex, multifaceted problems.
4. **Industry-Academia Collaboration:** Strengthen ties with industries for internships, funding, and real-world applications.
5. **Securing Grants:** Attract funding from government agencies, private organizations, and international bodies.

Key Activities of the R&D Cell

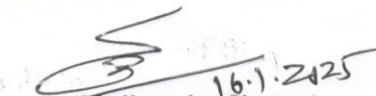

1. **Incubation Centres:** Support startups and entrepreneurial initiatives.
2. **Research Projects:** Undertake government and industry-sponsored projects.
3. **Publication Support:** Encourage high-impact publications in reputed journals.
4. **Competitions:** Host hackathons, research paper contests, and innovation challenges.
5. **IPR Facilitation:** Guide researchers in filing patents and copyrights.

Benefits to the University

- Enhanced reputation and rankings through high-quality research.
- Attraction of top-tier faculty, students, and collaborations.
- Contribution to national and global knowledge economies.
- Creation of employment opportunities through startups and technology transfer.
