Orientation Programme 2023: A Three-Day Journey of Insight and Inspiration

New Students Welcomed with Enthusiasm and Tradition

The Orientation Programme 2023 at Suresh Gyan Vihar University welcomed new students with vigor, offering a three day immersion into campus life and academic success. The event began with a traditional Saraswati Vandana, graced by the university's leaders. Notable sessions included talks by industry experts like Yatendra Singh Kuiswaha and accomplished alumni Dr. Ashish Jain and Ms. Priyanka Gupta, who shared their inspiring journeys. The second day focused on building connections through ice-breaking activities and showcasing the vibrant extracurricular scene. Nikhil Mathur, a seasoned HR Leader, shared insights from his 23-year career. Students also demonstrated their talents in the "Talent Quest" competition and enjoyed a captivating band performance by YUGM. The final day promoted physical fitness with an invigorating Zumba session.

Expert talks by Mr. Hemendra Bansal from IIM Indore and the university's Hon'ble Director provided valuable insights. The program reached its climax with a talk by Shaurya Chakra Awardee Col. Jitendra Singh, offering a stirring account of his journey and dedication to the nation. In essence, the Orientation Programme 2023 wasn't just an introduction to campus life; it was a comprehensive experience, blending academic knowledge with personal growth and fostering a strong sense of belonging among the incoming students.

Modality & Implementation of ABC Account (NEP 2020): The Dawn of New Era at SGVU

SGVU is transforming education through the "ABC ID" initiative, aligning with the National Education Policy (NEP). This system streamlines data management, enhances transparency, and empowers students and educators. SGVU hosts workshops for ABC ID creation and CBCS implementation. The ABC ID system facilitates seamless credit transfer between institutions, allowing students to pause and resume their education, exchanging credits for certificates or diplomas if eligible. SGVU takes a Significant step towards a flexible credit system, in line with evolving education trends.

SGVU Celebrates 77th Independence Day with Patriotism and Aspiration

The SGVU campus was aglow with patriotic fervor as the nation marked its 77th Independence Day. The event featured speeches, group songs, and insightful reflections by dignitaries on the importance of this historic day and the role of education in shaping the future. The day began with an inspiring speech by President Dr. Arunanshu Haldar, who emphasized the significance of Independence Day and the responsibilities it entails. Highlighting the celebration were heartwarming group songs performed by students, resonating with unity and patriotism, fostering a sense of camaraderie and pride. Dr. Sudhanshu, the Chief Mentor, emphasized the

youth's role in shaping the nation's future, stressing the importance of AI engineers in today's world. Chairman Shri Sunil Sharma delivered a thought-provoking speech, urging introspection on Independence Day's deeper meaning. He discussed the concept of slavery, emphasizing the pivotal role of education in preventing it and calling for a society built on education and scientific inquiry. SGVU's Independence Day celebration served as both a historical reminder and a source of inspiration for the future.

Unlocking the Healing Power of Positive Energy: 'Reiki and Lifestyles' Session at SGVU

The International School of Business Management at Suresh Gyan Vihar University organized a session on "Reiki and Lifestyles" on July 12, 2023, at 1:30 pm, aimed at enlightening students about the power of positive thoughts and touch therapy for well-being. Expert speaker, Shweta Jain, explained touch therapy and Reiki, demonstrating their healing effects on pain and health issues. Through practical exercises, students directly experienced the impact of positive energy, emphasizing how mindset and intention contribute to better health and life. The session had 20 enthusiastic participants engaging in interactive discussions about this holistic approach to wellness.

Suresh Gyan Vihar University Illuminates Pathways to Civil Services Careers

Anant Jain and Pari Bishnoi Offer Valuable Perspectives

Suresh Gyan Vihar University (SGVU) took a proactive approach to enlighten its students about the diverse career opportunities within the Indian Civil Services by organizing a highly informative seminar titled 'Careers in Civil Services' on August 10, 2023. The event, held in the Kalindi Auditorium, was a resounding success, drawing a crowd of approximately 300 Pre-Final and Final year students from various academic backgrounds. The seminar featured distinguished speakers Anant Jain, who secured the 85th rank in the Indian Administrative Service (IAS) exam, and Pari Bishnoi, an accomplished IAS officer who achieved the 30th rank in the same exam. Their presence and invaluable insights added immense value to the event, providing students with a first-hand account of the challenges Their presence and invaluable

insights added immense value to the event, providing students with a first-hand account of the challenges and rewards of a career in the Indian Civil Services. The primary objective of the seminar was to guide and inform students about the plethora of opportunities available within the Indian Civil Services, demystifying the intricate process of preparation and examination. Speakers shared their personal experiences, preparation strategies, and tips on how to excel in this highly competitive field. The event concluded with an interactive Q&A session, where students had the opportunity to seek clarification on various aspects of civil services preparation and careers. SGVU's 'Careers in Civil Services' seminar served as a significant milestone in guiding and inspiring the next generation of civil servants, further solidifying the university's commitment to producing socially responsible and capable citizens who can contribute meaningfully to society through their service in the Indian Civil Services.

Department of Computer Engineering & Information Technology Equips Students with Web Development Skills

The Department of Computer Engineering & Information Technology recently conducted a workshop on Web Development, enlightening 75 participants about the critical role of web development in today digital landscape. This comprehensive program immersed students in a multifaceted learning experience, covering various aspects of web development. The workshop not only taught participants to create visually appealing websites but also delved into the intricate backend processes powering online platforms. From conception and design to implementation and maintenance, web development's entire lifecycle was explored. Participants gained insights into the evolution of the internet, understanding its foundational stages and crucial functions.

Anti-Ragging Awareness Program Triumphs with 268 Students Pledging for a Ragging-Free Campus

In a resounding success, the Anti-Ragging Awareness Program convened at Kalindi on August 5, 2023, drew the active participation of 268 students. Led by Dr. Kalpana Randhawa, Chairperson of the Anti-Ragging Committee and a distinguished psychologist specializing in student

well-being the session provided a comprehensive exploration of the psychological, emotional, and legal ramifications of ragging within the academic community. Attendees engaged in insightful discussions covering the identification and mitigation of ragging incidents, along

with the responsibilities of students, faculty, and administrators, as well as mechanisms for anonymous reporting. Real-life case studies underscored the profound impact of ragging on victims and their academic prospects. The program concluded with a collective pledge by all participants to foster a campus free from ragging, promoting a culture of mutual respect and support. This event successfully fulfilled its objectives by raising awareness of the harmful consequences of ragging and equipping students with the knowledge and tools needed to combat this issue, emphasizing the institution's commitment to maintaining a zero-tolerance policy and fostering a secure, respectful academic community.

SGVU's School of Agriculture Takes a Green Initiative

SGVU's School of Agriculture conducted a green initiative on August 1, 2023, with the help of the Green Community. Staff and students planted beneficial plants in ten groups, aiming to combat climate change. The importance of such activities was stressed and students were encouraged to continue planting to address rising temperatures and climate change challenges. The event provided valuable hands-on learning opportunities for students in their pursuit of better career prospects in agriculture.

Taste of Tradition: 'Rajya Rasoi' Cooking Challenge Ignites Culinary Passion

In a celebration of culinary diversity and cultural richness, the School of Healthcare's Physiotherapy department hosted the "Rajya Rasoi" cooking competition, a delightful event organized by the AXIOM Club. On the 12th of August 2023, the campus came alive with the aroma of spices and the sizzle of delicious dishes. The competition witnessed 50 enthusiastic students forming three groups, each representing different Indian states and their unique culinary traditions. The participants transformed their stalls into traditional Indian kitchens, complete with authentic décor, creating a captivating ambiance. The judging panel consisted of esteemed culinary experts, Chef Kuldeep and Chef Neeraj from the HMCT department, who meticulously evaluated each group's culinary prowess. The evaluation criteria encompassed taste, presentation, hygiene, and adherence to authentic cooking methods, ensuring a thorough assessment of each dish's quality. The "Rajya Rasoi" cooking competition not only showcased the culinary talents of the students but also celebrated India's diverse culinary heritage. It was a flavorful journey through the heart and soul of Indian cuisine, leaving both judges and attendees craving for more.

Empowering Students: Department of Computer Engineering & Information Technology's Resume Building Initiative

The Department of Computer Engineering & Information Technology recently launched a Resume Building initiative, equipping students with essential tools to craft effective resumes. Central to this initiative is an intuitive online Resume Builder tool. It offers professionally designed templates for students to select the most suitable format for their career aspirations, streamlining the entire resume creation process. The department's step-by-step guide emphasizes format selection, contact detail inclusion, documenting work experiences, showcasing volunteer work, and highlighting educational achievements. It encourages students to present a diverse skill set and personal interests, adding a human touch to their resumes. In a transformative workshop, 70 participants learned to critically evaluate and enhance their existing resumes. They shifted from mundane task descriptions to emphasizing results and crafted succinct objective statements that encapsulated their essence.

Art Meets Science: Rangoli Contest on Viral Diseases

The School of Applied Science's TCL Community, in collaboration with the Microbiologist Society of India, recently organized a Creative & Innovative Rangoli Competition with a compelling theme: Viral Diseases. The event, held on August 12, 2023, on the 6th floor of the Main Building, aimed to blend tradition, creativity, and community engagement for a noble cause.
Dr. Ritu Gilhotra, Pro-President of Suresh Gyan Vihar University, Jaipur, graced the occasion as a distinguished speaker and resource person. The primary objective was to utilize artistic expression and community involvement to raise awareness, encourage innovation, and foster positive behavioral changes related to public health practices, all within the context of the Viral Diseases theme. Participants received guidance and motivation from distinguished guests as they outlined and marked their rangoli designs. Evaluation criteria included design, creativity, color usage, and symmetry. In total, 18 students showcased their artistic talents and public health awareness. Beyond its artistic nature, the event revealed the potential to explain complex medical concepts through rangoli, making them more understandable to the general public. It also bridged the gap between art and science, demonstrating how these diverse disciplines can harmonize to convey impactful messages.

From Grapes to Glasses: Suresh Gyan Vihar's 'Stomping Fest' Inspires

Suresh Gyan Vihar University's Department of Hotel Management hosted a captivating "Wine Session" on February 22, 2023. Organized by the Rajasthan Council for Wine Studies (RCWS), the "Stomping Fest" engaged students in the world of wine making. The event enlightened them on the intricacies of wine production, from grape crushing to tasting. Beginning with a historical overview of wine, it featured demonstrations of wine making stages and grape varieties. Students even got hands-on, traditionally stomping grapes, fostering camaraderie and appreciation for wine making labor. This successful session underscores the university's dedication to holistic education, shaping future hospitality professionals. The students got the unique opportunity to crush grapes with their feet, just like the traditional wine making process known as "stomping." This practical activity brought forth laughter and camaraderie among the participants and allowed them to truly appreciate the labor and love that go into crafting a fine wine.
